

## Corporate Affiliates Board Meeting Agenda Engineering Science Building rm 1001

**Monday February 2, 2009**

Time	Presenter and Location
12:00	Lunch, informal introductions and networking
12:30	Welcome from Corporate Affiliates <a href="#">Matthew Tirrell</a> , Dean of the College of Engineering and Professor of Chemical Engineering and Materials
12:40	<a href="#">Dwight Streit</a> , Vice President, Foundation Technology, Northrop Grumman Space Technology <i>Successfully collaborating with UCSB and universities for technology development, transfer, and hiring.</i>
1:00	<a href="#">Pierre Wiltzius</a> , Dean Math Life and Physical Sciences, <i>Imaging technology overview including astrophysics, satellite, fMRI, NMR, to Atomic Forces</i>
1:15	<a href="#">Mike Witherell</a> - Vice Chancellor for Research <i>TMT research and UCSB</i>
1:20	<a href="#">Sherylle Mills Englander</a> , Director Office of Technology & Industry Alliances <i>Tech Transfer and University/Industry Collaborations</i>
1:40	<a href="#">Manjunath</a> , Professor and Director of Center for Bioimage Informatics <i>Image analysis for camera sensor networks and activity monitoring</i>
2:00	Break
2:10	<a href="#">Dan Morse</a> , Professor and Director of the Institute for Collaborative Biotechnologies <i>Materials research related to infrared and sensor technologies</i>
2:35	<a href="#">Chris Packham</a> , Associate Scientist University of Florida, Astronomy Department <i>Infrared Astronomy in the Next Decade</i>
3:00	<a href="#">Philip Lubin</a> , Professor Physics UCSB Experimental Cosmology Group <i>Prospects for an Infrared Science and Technology Center</i>
3:25	IR Discussion
4:00	Reception with faculty and campus leadership

**Expected External Attendees**

Jeff Frank – Flir, Vice President Product Strategy  
Dwight Streit – Northrop Grumman, Vice President, Foundation Technology, Space Technology  
Stefan Baur – Raytheon Vision Systems, Director Technology & Advanced Programs  
Andreas Hampp – Raytheon Vision Systems, Process Engineering Manager Advanced Sensors  
Bill Gunning – Teledyne Scientific and Imaging, Chief Scientist of TSI  
Dennis Van Epps – Allergan Medical, Sr. VP Research and Development  
Sam Gasster – The Aerospace Corporation, Senior Scientist  
Bruce Meares – ConMed Linvatec, Vice President & General Manager  
Dave Messner – ATK, Vice President, Operations  
Alan Jones – ATK, Vice President, Engineering  
Alan Hoffman – Acumen Scientific, Chief Scientist  
Mark Morey – Special Technologies Laboratory, Senior Scientist  
Raj Rajavel – HRL Laboratories, Department Manager, Detectors Technology Department  
Brett Noshko – HRL Laboratories, Senior Researcher, Detectors Technology Department  
Isaac Richman – Boeing, Senior Technical Fellow  
Paul Idell – Boeing, Senior Technical Fellow  
John Petote – CIO solutions, CEO  
Eric Egolf – CIO solutions, Senior Engineer  
Arn Adams – Santa Barbara Focalplane, Camera Development  
Brian Kubik – Santa Barbara Focalplane, Director, General Manager  
Chris Packham – Associate Researcher, University of Florida  
Craig Agate – Toyon Research

### **Expected Internal Attendees**

Matthew Tirrell, Professor and Dean of the College of Engineering  
Pierre Wiltzius, Professor and Dean of Math Life and Physical Sciences  
Dan Colbert, Institute for Energy Efficiency, Executive Director  
Kimberly Turner, Professor and Chair Mechanical Engineering  
Jerry Gibson, Professor and Chair Electrical and Computer Engineering  
Dale Seborg, Professor Chemical Engineering  
Amr El-Abbadi, Professor and Chair Computer Science  
Kevin Almeroth, Professor of Computer Science and Associate Dean  
Frank Doyle, Professor of Chemical Engineering and Associate Dean  
Bruce Luyendyk, Professor of Earth Sciences and Associate Dean  
Lynn Hawks, Assistant Dean of Major Gifts and Corporate Development  
Ambuj Singh, Professor Computer Science  
John Bowers, Professor Electrical and Computer Engineering  
Philip Lubin, Professor Physics  
Dan Morse, Professor and Director of the Institute for Collaborative Biotechnologies  
Manjunath, Professor and Director of Center for Bioimage Informatics  
Sherylle Mills Englander, Director Office of Technology & Industry Alliances  
Mike Witherell - Vice Chancellor for Research  
Bill Grant – Program Manager, Technology Management Program  
David Gay - Director of Technology, Institute for Collaborative Biotechnologies
